Still using many traditional hand-crafting techniques and time-honoured skills, each piece passes through at least 20 pairs of hands before it gets the Denby stamp of approval.

The Denby approach has always been about creating beautiful and practical tableware that's designed for modern life; ranges which can be confidently used in the oven, dishwasher, microwave and freezer, and do the job from Tuesday tea to Friday night to Sunday lunch...

YOUR GUIDE TO TABLEWARE BUYING AND OCCASIONS

Choosing the right tableware can sometimes feel like a daunting process to the customer.

The questions they are looking for answers to are: Have they selected the pieces that will suit their style? Or the way they eat as a family or entertain? Have they chosen the right items to invest in?

Here are some tips from Denby to help guide the customer through the process...

01 | OCCASION Ask them what occasion they are buying for. Our research shows this decision is at the top of the purchasing hierarchy. Whether they need tableware for 'everyday' – family teatimes, weekday lunches, leisurely breakfasts; more 'informal occasions' – Friday night takeaway, friends for lunch, impromptu gatherings; for 'entertaining' – friends for dinner, Sunday lunch, coffee mornings.

02 | COLOUR, SHAPE AND STYLE Ask what sort of style would suit their home? Are they looking for a matching set or feel happy to mix and match? Do they consider themselves to be traditional, contemporary or eclectic? Do they like bold colour, calming neutrals or would they like to make a statement through pattern or glaze?

03 | FEATURES Denby is safe to use in the oven, dishwasher, microwave and freezer and has handy design features built in to many items; stack-ability (for easier storage) and multi-function (versatile enough to double-up for different needs). It's also designed to withstand everyday life so their tableware becomes an investment and not the false economy that buying cheaper tableware can often be.

GUIDE TO IN-STORE PRESENTATION

In addition to your own presentation standards, the guide is specifically designed to assist you and your colleagues refresh and maintain the Denby Space in your store. Implementing these 'best practices' will ensure that we optimise all potential sales opportunities by helping customers during the decision making process when buying tableware.

Key actions include:

- 01 | Introduction of a 'feature' statement to create interest, give inspiration and showcase newness.
- 02 | Adherence to range merchandising guidelines.
- 03 | Use of compelling and reassuring point of sale materials.

Key benefits to you and your customers:

- 01 | A more enticing and interesting space for the customer making it easier to shop.
- 02 | A refreshed look and feel appealing to today's interior-savvy shopper.
- 03 | Improved shopper navigation to facilitate conversion.
- 04 | Brand and premium values enhanced.
- 05 | Improved sales and stock turn.

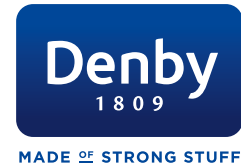

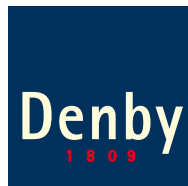

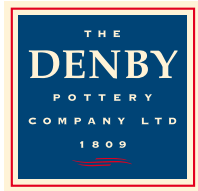

HOUSEKEEPING

If you would like any further assistance on Merchandising please contact our Trade Marketing Team here at Denby.

GENERAL MERCHANDISING GUIDELINES

Great merchandising makes great sales and is quite simple to achieve. It inspires consumers because they can see how good Denby could look in their own home and it makes replenishment easier for you.

To start, always allow space for a place setting display which could include — dinner plate, medium plate, small plate, cereal bowl and mug. This gives the greatest impact to shoppers and uses the smallest amount of effort and space.

Complete the look with complementary pieces from across your store — glassware, textiles and other home accessories and don't forget to place your Pattern Information Point and inspirational POS (where applicable).

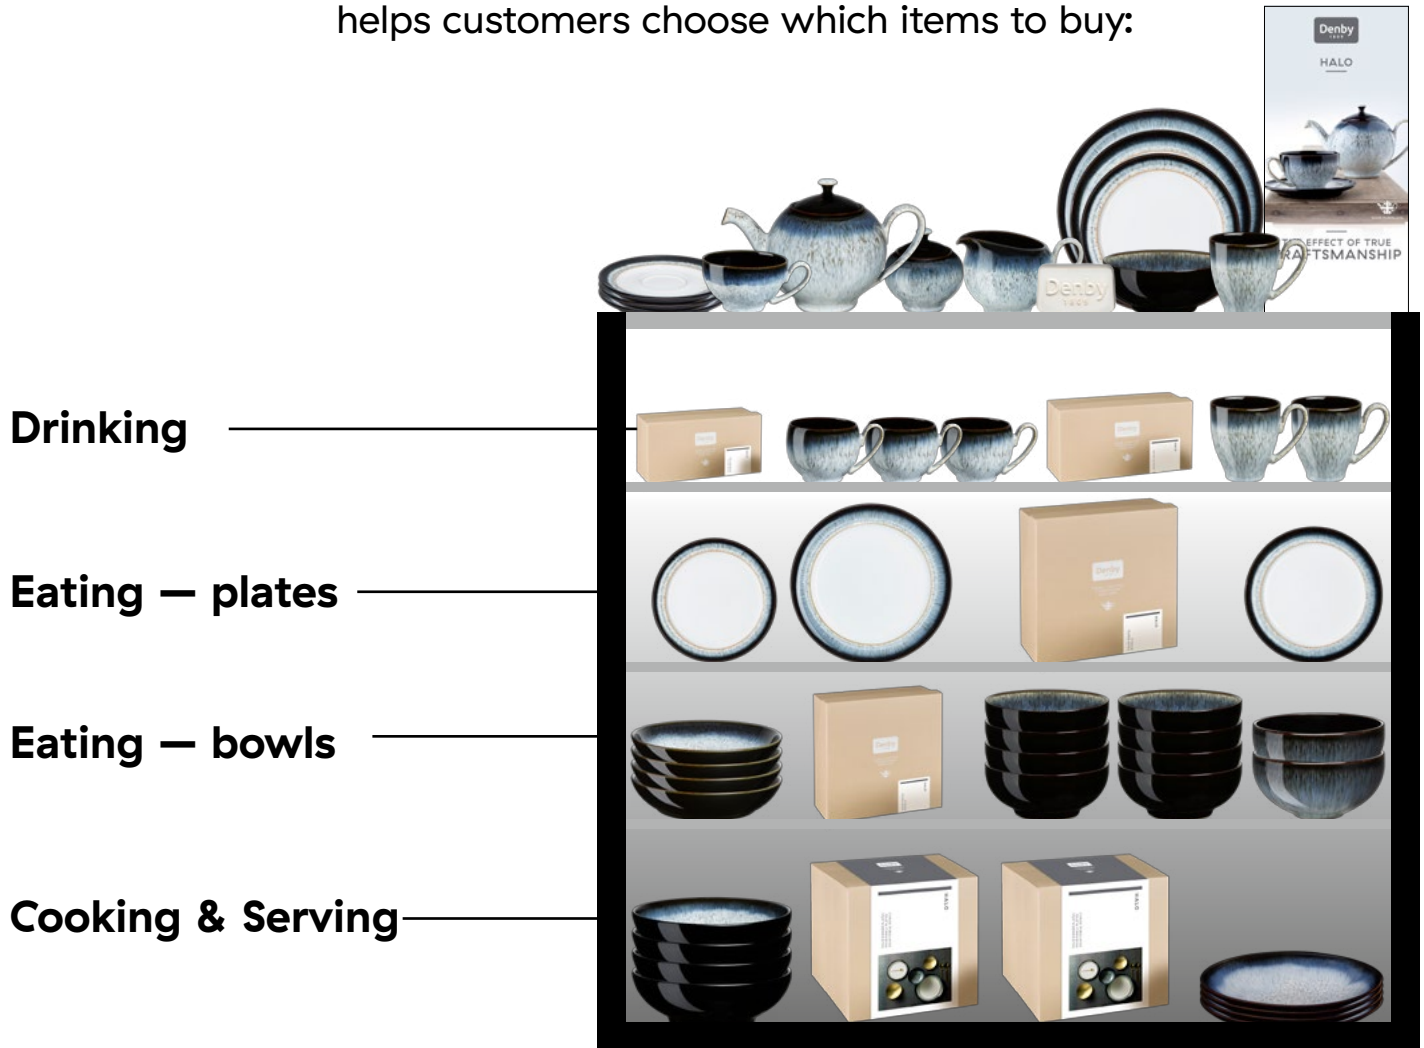

GENERAL MERCHANDISING GUIDELINES

Now you have created your place setting you can present the rest of your stock.

You can apply these rules to ANY style of fixture.

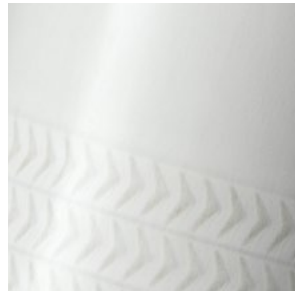

Break the range down to into buying stories which helps customers choose which items to buy:

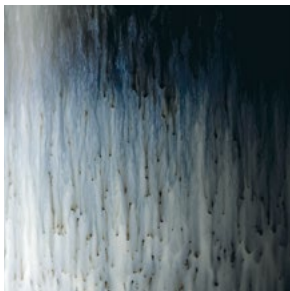

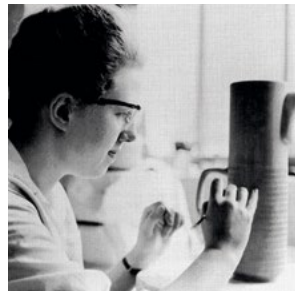

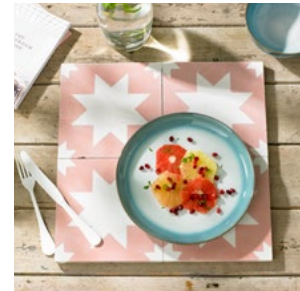

- 01| Position handles of mugs, jugs, cups and teapots to the right and slightly forward, not backwards, so they are easy to pick up.
- 02| Ensure that the Denby logo stickers on the plates are the right way up / face the front.
- 03| Don't stack plates and bowls so high on a shelf that they can't be picked up.

- 04| Plate racks are used for plates and placemats only, never for bowls.
- 05| Items included in Sets have a black sticker over the barcode to identify them which reads 'PART OF A SET'.
- 06| Where possible have 1 packaged item open so that the consumer can see what is in the box. This will also make the display look more interesting.

KEY FEATURES AND BENEFITS OF DENBY

01 | All Denby stoneware is made in the UK.

02 | Stoneware clay is very strong and fully vitrified. The surface is made glassy and non-porous which gives it strength, durability and chip resistance.

03 | It can be used safely in the dishwasher, microwave, in the oven (up to 350°C) and in the freezer for storing foods.

04 | Each piece of pottery is still expertly glazed by craftsmen, a skill handed down from generation to generation, which makes Denby unique.

05 | It's taken over 200 years to create the unique glazes, so the recipes are all top secret!

06 | Launching one tableware range is the result of 24 months of team work from the original design idea through to the range going into full manufacture.

07 | Each item goes through the kiln at least twice, which makes it super-strong: the first fire is at 950°C for 18 hours, the second at 1175°C for 16 hours.

08 | It takes approximately 2 weeks from start to finish to create a single item.

09 | As Denby is designed for living, the designers have built clever versatility features into each piece: the sugar bowl for example can be used a dipping bowl or ramekin.

10 | Specially shaped and sized bowls are designed for every meal occasion, from breakfast to Friday night takeaway, dinner parties and everything else in-between.

11 | Denby is famous for stoneware, but some customers prefer porcelain or china and like to have glassware, accessories and cast iron to match. In these specialist areas Denby work with rigorously selected overseas craftsmen and women who share our values for quality and durability.

These items are all designed by the same team in Derbyshire, England.

12 | Denby has over 20 ranges to suit a variety of styles and interiors.

THE CONSIDERED CHOICE

With sustainability and mindful living rising to the top of the interiors agenda, Denby's stylish collections remain the choice of the conscious shopper.

Our ranges are super versatile and multi-functional so a smaller number of pieces are needed. One set can be everyday and special occasions, every piece can be used in the oven, freezer, microwave and dishwasher (so you can cook, serve and store in it) and mugs double as plant pots, bowls as candle or trinket holders and jugs as vases.

Denby is renowned for being durable, which becomes increasingly important as we looked to reduce our disposable purchases. Our stoneware ranges come with a 10 year guarantee, are hand-crafted in Derbyshire using local clay and many, well-preserved traditional pottery techniques; as our stoneware is super-strong you can use it confidently for occasions when you might otherwise use a disposable plate or cup. And none of this comes at the expense of being beautiful! The stunning glazes and shapes make it a lovely thing to have in your home, share when you're entertaining and also to buy as a thoughtful and sustainable gift.

The considered choice never looked so good.

A QUICK GUIDE TO MATERIALS AND SELECTING ITEMS

MATERIALS

STONEWARE

Denby stoneware clay is very strong. It's fully vitrified which gives it strength, durability and chip resistance. All 200 of Denby's beautiful glazes are totally unique and each one has its very own secret recipe.

PORCELAIN*

Similar in strength to stoneware, porcelain has a more translucent body and a cool blue-white colour. Denby's stunning porcelain ranges (White and James Martin) are sleek, stylish and make any food look fantastic.

BONE CHINA*

Bone china has a pure white translucency and is also fully vitrified, so like stoneware it's surprisingly tough. Not just for afternoon tea, Denby's bone china has contemporary shapes and gourmet pieces to bring china bang up to date.

FINE CHINA*

Monsoon fine china is soft cream in colour and is also fully vitrified, so as you would expect from Denby it's functional and versatile as well as being beautiful and elegant.
